

Key staff members: Names, emails, mobile numbers for teachers who will/would like to be involved with SSEP:

Which Year level would you like to focus on? (both for smaller schools, aim for 120 students total)

Year 9 Year 10 Years 9 & 10

Key subject areas to focus on (circle all that apply and make any notes e.g. what does cross-curricular look like? how do they do project-based learning? if Years 9 and 10 is it the same subject for both years?)

Maths Science Technology Business Studies Cross-curricular Project-based learning

Which curriculum areas would you like to focus on? (e.g. statistics, algebra, genetics & evolution, acids & bases, forces & motion, metal tech, wood tech, food tech)

How many classes are there likely to be?

How many teachers are there likely to be?

Are there any employers the school already has a relationship with that they would like to invite to participate? Can you give me contact details?

Are there any employers the school already has a relationship with that they would like us to avoid? (i.e. not imposing too much or potentially taking away Gateway employers)

Are there any employers the school would like us to target (a wishlist – do they have contacts)?

Are there any special considerations or restrictions we need to consider (e.g. distance to employers, transport, timetabling?)
